

## PARACHUTE TRAINING ORGANISATIONS (PTOs) & DROPPING ZONES (DZs)

Numbers 1 – 26 refer to **British Skydiving Affiliated Parachute Training Organisations (PTOs) - Dropping Zones (DZs)**.

Listed over are the **PTO** names and the **Dropping Zone (DZ)** names, together with their contact telephone number(s) and the VHF frequencies they can be contacted on when they are operational.

The UK Air Pilot (AIP) contains details of the nominated ATSUs that clubs contact prior to operating on any particular day. **The initial call to determine whether a PTO (DZ) is active should be to the nominated ATSU (shown on CAA Aeronautical Charts).**

**Please note:** The phone numbers given here are **not** formal ATSUs. They are general contact numbers for skydiving PTOs and the person answering may not be in a position to give accurate operational information. If there is no answer from these numbers (or from the radio frequencies) it does not mean that skydiving is not taking place. Formal information can be obtained from the ATSUs, which are listed on the CAA Aeronautical Charts.
