

AIRCRAFT DOCUMENT CHECKLIST

(for UK registered aircraft used in the parachute role)

The following checklist has been produced by British Skydiving as an aid to assist PTOs in the correct identification of aircraft documentation required to operate a British registered aircraft in the skydiving role at UK mainland PTOs. All or some of these documents may be required depending on the type of aircraft, the operating category and the aircraft weight.

- | | | | |
|-----|--|--------------------------|--------------------------|
| 1. | Certificate of Registration | <input type="checkbox"/> | <input type="checkbox"/> |
| 2. | Certificate of Airworthiness | <input type="checkbox"/> | |
| 3. | Noise Certificate | <input type="checkbox"/> | |
