# GRAND PRIX CHAMPIONSHIPS 2023

## RULES & CONDITIONS FOR ACCURACY LANDINGS

The Accuracy competitions will be in four categories; Classic Accuracy, Senior, Intermediate and Novice in Sports Accuracy

All categories will be over a maximum of six rounds.

### 1. GENERAL

- a. The Grand Prix Competitions will be conducted where practicable in accordance with British Skydiving National and FAI rules, except where specific changes have been made for judging and scoring purposes to determine the placings and winners of the Grand Prix Competitions and Overall Champions.
- b. The British Skydiving Anti-Doping Policy and Rules (See Form 220) apply to all competitors at Grand Prix Competitions. By entering a Grand Prix Competition, all competitors agree to take a random drugs test if required – failure to provide a sample for analysis will result in disqualification.
- c. All participants will accept these rules as binding on entering the Grand Prix competitions.
- d. At the pre-competition briefings any local rules will be made available by the Parachute Training Organisation (PTO) Management and must be adhered to.
- e. Prizes will be awarded for each Grand Prix competition and for the Overall Champions. The Overall Champions will receive their awards at the British Skydiving Annual General Meeting.
- f. In the event of less than five competitors registering, the event will be declared a non – event
- g. British Skydiving will provide funding towards the provision of Officials and necessary equipment for judging. The PTO host will charge for jumps at as near normal price as possible. An Entry fee for each competition may be charged by the host PTO up to a maximum of £5.
- h. The competition will have a start and end time as directed by the DZ Operator and Officials at the end of the registration period.
- i. Teams and individuals must register on Form 132(a) by the start of day the actual competition commences.
- j. The minimum number of rounds will be one (1). If the competition is not completed in one round it will be classed as a non event.

### 2. DOCUMENTATION

All competitors on booking in will produce the following:

- a. A valid and in date British Skydiving membership.
- b. Current Medical declaration or Doctor's certificate.
- c. A skydivers' current logbook.
- d. Chief Instructor's written permission to compete (Novices only).

### 3. EQUIPMENT

Each individual is responsible for supplying their own equipment, which should consist of:

- a. A serviceable main and reserve parachute, container and harness.
- b. An equipment inspection record and a reserve packing card.
- c. A serviceable altimeter and suitable helmet, clothing and footwear.

*N.B. All of Paras 2 and 3 (above) must comply with the requirements of the British Skydiving Operations Manual.*

### 4. THE EVENTS

#### a. Classic Accuracy

Competitors in Classic Accuracy must satisfy the Chief Judge and Meet Director of their ability to safely compete

#### b. Sports Accuracy

Competitors should enter the category appropriate to their ability.  
The initial criteria for entering a category will be by canopy wing loading;

A	Novice	Wing loading 1.0 or less
B	Intermediate	Wing loading from 1.1 to 1.5
C	Senior	Wing loading above 1.5

These categories are guides only, the exact category for individuals will be decided by the Chief Judge and Meet Director

Competitors are encouraged to remember the spirit of the category and move on as ability/experience improves year on year.

### 5. CONDUCT OF EVENTS

- a. A team event with Individual scores to count. 5 person teams with the worst individual score on each round to be discarded in the team event.
- b. Teams will be made up of five individuals. Individuals not in a team will be grouped into 'Teams' by the officials for manifesting and jumping purposes.
- c. Accuracy jumps will be made from a maximum height of 3,500ft AGL. The exit altitude may be lowered due to weather conditions, the lowest opening altitude being 3,000ft for 'B' licence, and 2,500ft for 'C' licence and above.
- d. Sports Accuracy will be over six rounds.  
Sport competitors will be judged on the following three tasks:

1. Accuracy: The distance between their first point of contact and the rim of the target dead centre will be measured with a possible score of zero metres (dead centre) to 15 metres maximum if the first point of contact is not within the 30-metre-diameter circle

2. Stand-up landing: Failure to perform a stand-up landing will receive a penalty score depending on the category of the competitor;

Sport Senior - 15 metre score

Sport Intermediate - 7 metre score will be added to the score obtained, if this totals more than 15 metres then a 15-metre score will be recorded

Sport Novice - 3 metres will be added to the score obtained, if this totals more than 15 metres then a 15-metre score will be recorded

3. Landing control: The competitor will receive a penalty score depending on the category of the competitor
