MASTER RESERVES STRONG TANDEM

Following the kit inspections at a recent Tandem Instructor course, it appears that some people are not aware of the service requirements placed on the Master reserve by the manufacturer. Namely recertification at 10 and 18 years (see attached).

Master reserves can be used in Next and Aircare systems as well as Strong systems.

Reference: British Skydiving [Form 290](#).

Advanced Packers are reminded to check the manufacturers service requirements for all reserves.
